The workshop was conducted by advocate and member of Sutanutir Sakhya, Ms. Madhupurna Ghosh who sensitized the students about the pervasive presence of gender based violence in our everyday life through a lively interactive talk and the screening of short films based on these themes. She also guided the students about the ways to support the victims of gender based violence and the legal recourse available to them. The programme was attended by a packed audience of students, many of whom enthusiastically responded in the interactive session talking about their perception and quotidian experience of gender based violence.
